The proposed zoning change is required in order to bring the existing non-conforming building into compliance under the current Zoning Ordinance, which in-turn will allow for the permitting of the proposed renovation plan. Once renovated, the existing building will continue to contain a total of three (3) dwelling units - one unit, per floor. The existing two-car garage will be razed and replaced with a concrete parking pad, which will provide on-site parking for three (3) vehicles. After completion of the renovation plan, including the build out of the existing third-floor, the building will measure approximately 34 feet-0 inches in height.
